

Building an MLM Dynasty is Something You Do After You Learn How to Create Excited “Fans” Out of What You Retail

Dear Exhausted and Almost Broke Five-Time Opportunity Loser,

If you're a work-from-home MLM die-hard but have clearly failed to earn even minimum wage (\$6.35 per hour which is \$50 bucks a day and \$250 per week or \$1,000 per month) then you are obviously selling the wrong end of the stick and/or you simply refuse to correct what obviously isn't working.

Name me one legitimate real-world Billion dollar business that doesn't have a retail outlet. Even APPLE computer has an iPhone retail store. As does Verizon and yet *you don't have a R-E-T-A-I-L business.*

Without a line —mine is around the world— with cash in hand customers who buy what you sell, at retail, you have nothing. Nickels lead to dollars and PEOPLE magazine doesn't try to sell the **monthly subscription** to strangers. *They asked their retail buyers to simply become monthly partners.* That's the simple secret.

Millionaire yet? Me neither. But I did earn an extra \$2,391 last week and my boss doesn't even know I moonlight as a mail-order fanatic. Easy system. Just \$14.95. Twenty dollar guarantee. Booklet and double CD album. Laugh if you want. I only need two sales per newspaper ad to make \$1,000 per week cash. Find out how. Free instructions: www.Your-Web-Site-Here.com

Authors Note: I prefer “weeklies” over DAILY newspapers because with dailies the people toss them out too fast. I want my \$27 ad to stay in their HOUSE for week. At least. This allows over 100,000 people per week to see my ads.

Here's The Subliminal Message in One of My 17 Different Simple Classified Ads

- ◆ \$14.95 product with a \$20 money back no risk promise.
- ◆ You can do this Part-time. This is not a job.
- ◆ Don't call me on my cell. Go to my website.
- ◆ I don't care if you believe me or even laugh at me.
- ◆ This works with or without your permission.
- ◆ Lose your worry rag. The free SAMPLE is on-line.
- ◆ You are selling a cash flow system = \$1,000 weekly.
- ◆ This works. I am already earning \$8K month = P/T.
- ◆ The word “moonlight” means simple P/T work.
- ◆ Once on-line, the SYSTEM takes their money. Easy.

Seven (7) Little Things You Haven't Yet Learned To Execute That Actually Separate You From Earning \$2,000 to \$5,000 Per Week

If You Didn't Earn \$20,000 Last Month Here's Seven (7) Reasons Why

Reason #1: Because 10,000 to 25,000 people **PER DAY** don't see your ads.

Reason #2: Because your initial front-end price is too expensive.

Reason #3: Because you aren't leveraged to earn \$1,000 per sale.

Reason #4: Because you don't know how (or where) to create or place ads.

Reason #5: Because your ads don't induce cognitive dissonance.

Reason #6: Because you don't have a “list” (auto-responder) of 2,000+ yet.

Reason #7: Because you sold the MLM before you earned \$\$ off the prospect.

If you're selling “**Stay Home and Retire**” No One Believes You. Ever Wonder Why?

** Magician Really Build a \$100,000 Per Week “Nobody is Home”

**And ALSO Built a Downline of Over
5,000 Monthly Paid Members All At The Same
Time Doing The Same Trick?**

Here's what the MLM (multi-level) crowd does. They look to recruit and create “partners” *without first creating customers* which is like trying to sell a franchise to someone who wasn't first a die-hard fan.

It's backwards. The key is to be able to kill two birds with one stone. The key is to be able to support your “work from home” addiction --with constant cash flow-- and creating a warehouse of future partners all with one seamless train of customers who convert to fans who later on decide to “join” your whatever program you promote.

That's how I grew a stable 3,000+ affiliates while also building a downline of over 5,000 active members. Never forget this. *It's easier to earn \$1,000 per week selling a retail product than it is trying to earn only a \$100 per month, residually, in Network Marketing.*

Even people with monthly “downline” total monthly sales of \$50,000 only make \$1,500 to \$2,000 per month. Chump change.

And yet they still put the horse in front of the cart and think they are building a F/T business. Meanwhile, had they had a retail SYSTEM that made them \$200 to \$500 to \$1,000 **per customer**, they could have been F/T ages ago and been making \$25,000 per month above and beyond the MLM.

Randy Gage knew that. He started with a \$69 CD album. Mike Dillard knew that and started by retailing his \$37 book. Dennis Karganilla knew that and he started my selling **FUNDED-PROPOSAL** way back in 1999. So did Jimmy Vigilante who now owns Wowzza. He spent two years with me. What does Val Smith lead with? () MLM (X) Retail cash system? Facts are facts.

Etch this in stone. Building a “business” and being able to go F/T and earn \$5,000 to \$15,000 per month are two totally separate functions.

What the Pyramid Lords did, was they **paid themselves FIRST** and learned to make income first, through retail, and then they had a stable of “new blood” to seek a monthly partnership with. Kinda obvious, but yet 97% lead with the residual instead of the cash flow.

Here's a Sample of (1 of 12) My Famous \$2,000 Full Page Magazine Ads:

If you knew the ancient art of "ad copy" writing, you could design your own post-cards, drum up your own Classified ads and basically, have the license to PRINT your own money. Because that's what this is like.

It's Easier To Go F/T When You Are Earning \$200 Per Day and Creating a Few Downlines All at Once!

Learn To Sponsor More People in a Month Than Most Networkers Sponsor in a Year!

Paramus, N.J.—Earning real money with any work-at-home program is hard. Some would even say it's easier to teach a fish to ride a bicycle than it is to build a residual monthly check of \$5,000 or more. That's how it was for me. Hard. Plus, there's nothing worse than being in a program with other people making \$2,500 or more per week and its been months and you still haven't gotten one person to pay you \$500 to \$1,500 for your "2-Up" product.

Then it hit me right over my head.

ALMOST LIKE LIGHTENING!

But even in programs that promise \$500 to \$1,000 in your pocket per sale, it still takes a month of Sunday's just to break even. That, plus having to feed your sponsor a few sales BEFORE you even come close to getting your money back—good gravy. Can you say "Chinese water torture!"

I know *you know* what I mean. Not only that, but I used to feel like a Dweeb too. Only because it gets to you when no matter how hard you work or how smart you are, there you are. Standing there. Holding your hat and thinking like, "how long can I keep this up if I can't even make BACK the money I spent!"

Ouch! Okay, so anyway, once, I bought a batch of real-time leads and called a bunch of people who were either not home or who harpooned me with, "how'd you get my number!" Great. Now I found another way to lose money. Hold on though, here's the part my "Bride" will never let me live down....

BECAUSE I STOOPED SO LOW.....

I would even loiter around town waiting to "bump" into someone and offer them an "opportunity". I read that in a book. By some (yawn) MLM "Guru." But the the results were goose eggs. Double zeros. Not to mention how totally low class that made me feel. That's when I threw up my hands. I decided never to speak to a soul about my "short cut to meg-a-bucks" until they asked me first. But how? How would I pull this off? Hmm....

LIKE PIGS FEEDING AT A TROUGH

But things changed. I ended up with a humongous downline and I had more people than ever. So did my downline. It was like pigs feeding at a trough.

I OUT SMARTED THE LOOKY-LOOS!

Did my "system" work? I'd say. Picture a stampede! Wads of people. Over 8,314 actually. Like standing outside of a Wal-Mart at 7:55a.m. on their super sale days. How come? I suppose because I created a "system" that would bring me loads of eager Beavers with money in their hands.

How? It's easy. All I did was make it irresistible. Everyone has \$97 bucks. Plus, people like cash.

SORT... SELECT + SPEAK + SEARCH + SELL AND SPONSOR FOR YOU!

Okay, I'll explain. We've all seen auto-responders and Ebooks right? No biggy. But (and this is a big but) what I did was string a ton of tools together. Putting them together was what set this so far apart from the competition. Here's an example: *This ad* takes you to an 800 number which takes you to a website that then brings people to a live conference call which then excites people enough to download a chapter from my Alpha CODE eBook. Admit it. That's a big sales funnel. But it has to be. To get all of those \$197 orders.

HERE'S PRECISELY WHY IT WORKED

It "worked" (polite word for landslide) because—and get this part because this is critical too—it over indulged the prospect. There was no overt "pitch" because the machines were doing the selling. What happens is prospects end up selling themselves. **Like it was their idea.** To send you money I mean. You see, this "system" is based on the "show me, don't sell me" mentality and prospects eat it (love) up. They get reams of information. Now add to that the \$97 front-end "cash flow machine" course and sakes alive. That's how you get lines of people to come back with their \$2,041 to buy the complete system.

I Call This The Quick-Link System

I'll fess up. I was selfish. I got scared. Nothing worked. I was a regular MLM "nerd". I was. So I selfishly built the Quick Link. That way, I could earn daily cash flow and build a residual one, all at the same time.

This Part is Probably The Most Important

Here's the hidden variable that would go unnoticed if I didn't explain it to everyone and it's this. Instead of trying to convince absolute strangers to quit their deal and join mine, I went in the complete opposite direction. All I did was devise a cash flow system that everyone could use and make money with instead of trying to locate a small 1% to 3% to join my MLM.

Trust Me, I'm No Saint. Just Ask My Wife.

By creating a cash flow system that all 100% of the people could use, my obvious advantage was now my monopoly share because now you and me can earn money *from everyone*, not just a poultry few who you can get to flip into your opportunity. That was the smart part. Plus, even though the big \$2,041 pays out \$1,500, it's easier to sell this when the front door is only a little \$97 "Cash Flow" low cost get-in.

Create Daily Cash Flow. Here's How!

After you get my two CD program for just ninety-seven dollars, you can decide to upgrade and to actually be a dealer of this program. That's \$2,041 and comes with my six (6) CD program and buyers actually pay you, not me. This way, you can create your own leads, make \$1,000 per sale (sponsor makes \$500) and make daily cash flow all at the same time. But you have probably never heard of me. So test me. Try the system with zero risk. No one gets hurt at only ninety-seven cents plus this gets piles of people sending you cash orders because who doesn't have ninety-seven? Especially if it's risk-free and people can keep everything, even if they ask for a refund. But they don't. Why? Because they are just like you and me and they also want to USE the greatest MLM system in the world. Plus, the idea of earning TWO level (\$1,000) and \$500 means with just a downline here of 4 over 16 you earn \$12,000 dollars!

Only \$97 So Order Now!

With my two CD program and manual you have to believe this is the greatest marketing course on Planet Earth *or don't pay for it.*

Just send back the cover of the book TORN in half for a complete 100% no-questions refund. Thirty days. Try it for thirty days and change your life forever.

Joe Schroeder's

"Cash Flow Recruiting Machine"

You can test-drive my system now and learn how to earn thousands of dollars per week using the system I have used to build sales organizations topping 5,000 active distributors. Or, you can "save" your ninety-seven bucks and be no better off in thirty days.

Me?

I'll still be here earning \$2,000-\$4,000 per day and building a downline monopoly all at the same time.

Quick—one more thing. Look, in bleeding times like this, we've got to forego running with the average herd of networkers. Most are broke and what I'm about to unravel could keep you off of the slaughter house floor. Sure this takes some elbow grease. But it's simple. Bottom line? My system will make you money, blow your mind or my name it not...

Dead Downlines Don't Lie!

The same people who wouldn't be caught dead buying a used-car from this Shark lay down like dogs and pay him thousands of dollars to learn how to twist lists, bang more sales and how to earn **\$200 to \$1,000 per day** whether or not a single solitary soul ever joins your pea-pod little MLM. Learn how to induce compliance into people who hand over their money. **Meet The Godfather and # 1 Author of The "Funded Proposal."**

Paramus, N.J. —Rt. 80 / 14 Miles Due West of NYC
I am willingly—without remorse or even a stitch of concern—ready and willing to sign my own ticket into obscurity. Because now I am about to divulge a “secret” so deft and held so tightly to the breasts of Internet Masters, that by teaching and exposing you to the “combination” to the lock I will be in essence, creating untold bastions of competition, which I predict, will be like giving the inmates the keys to the prison. Its been seven (7) years. Now I share.

The Only Thing Worse Than a Lie is Someone Who Tells a Half-Truth

No one teaches this. *No one.* Think of any big name. Mike Litman. Dani Johnson. Big Al. Joe Vitale. Blackman or Calvert. Then there's Yanik Silver or heck, take any “I used to be poor and now I am rich” poster boy and here is where their genius was hidden which goes completely undetected by the too lazy to learn PC dweebs who still drip their MLM tears and cry to Mother with, “Where'd my money go?” Amazing that so many smart victims still MLM with so few ever ringing the bell. Whatever.

What the Giant marketers have before their Army of loyalists show up is this: They have **content**, websites and written auto-responder letters to (a) draw the crowd (b) keep the crowd entertained for months on end and (3) they control the sales funnel. You are either controlling your own sales funnel and build your own lead base or you have nothing. Nada.

The “**half truth**” is this: The big guns will tell you they have a “system.” But what they never leak is that the system is controlled, written and managed by them and how YOU can control your own as well. Why? Because **he who controls the content** gets to earn multiple times on the users of the system just as McDonalds earns over and over on each of its franchise owners. It's like being the Godfather and having “**earners**” pass up 30% to you each week.

Guys like me are on the supply side. In other words, we sell people like you the picks and shovels that allow you to pan for gold. Which keeps the ones on top of the food chain (us) behind the cash register and forever leaves the Freshman class *at our mercy*.

Here is The Nerve Center of All Internet Millionaires Whittled Down To 81 Words

Dominos Pizza, Burger King, Randy Gage and guys like us supply the cows (you) with the milk that you re-sell. Therefore we *not only* earn when you re-sell the milk, but just like Dominos, we sell them the dough as well which makes us even more money. We earn 3-4 times off the same little lambs. Why?

Because earning on the entire consumption value of an industry is how most Legends in any industry rise to their Rock-Star status. I did. It is those who sell the do-dads to the *doers* who make all of the money.

Hercules Recruiters Are Masters of Mass Psychology. Not MLM. Go Ask Mike Dillard.

You will learn how to twist your list into a gravy train. You will learn to be ten feet tall and bullet proof with one hand tied behind your back while multiple downlines begin to Trump Tower under your feet.

If You Aren't Pimping Your Own List Consider Yourself a Laughing Stock

When you stop selling the MLM and you sell the system (hole vs. drills) your life changes. Isn't that the secret of Dexter Yeager, Val Smith and anyone else who earns Gangster money? After I reversed my doom and decided to party on the side of sanity I shot to #1 out of 75,000 distributors. Why? Because if you load your gun with a true 1-2-3 system the people who buy that from you *will also lay down and join* your MLM.

No More Dead Man Walking

Learn why (and how) it's easier to collect five (5) orders of \$1,341 per 1,000 people than collecting forty orders (40) per 1,000 at just \$29.95. Once you understand the metrics of **direct** response and how the big guns make their bank, what you used to hustle at low end flea market prices will make you thrash & vomit.

Learn why if you advertise your MLM you give people the objection. The difference between advertising and marketing is the difference between earning soup kitchen money (squat) and making \$20K a month. Only a fool telegraphs his MLM to an audience of 10 Million who are already in five programs when the last thing they are seeking is yet another MLM death camp.

—► This Single Lesson Can Set You Free ◀—

Did you know that it's *easier* to earn \$2,000 per week selling on-line with a direct response affiliate program than earning just \$200 per month building a downline?

Master Mental Lock-Smiths Are Laughing Their Way Right into \$4,000 Dollar Pay Days

Most people who dilly-dally around on-line are still chasing their twirly little MLM tails. How does it feel to be going round-n-round like a cat chasing its own shadow? Guys like us who earn Attila The Hun money are using a **technique** that is invisible not only to the naked eye, but without precise and calibrated content to ignite the sales—bang, bang, more Drano. In about a minute after you scoot yourself into my website you will see “the code.” And it ain't cheap. My entire branding machine is \$2,800. Priced to insult the poor and to pay my list pimps \$1,500 per swish @ Pay-Pal.

Which is precisely why I have spent a decade scouring libraries and playing book worm Benny and studying Government controlled mind-control CULT tactics (see the secret C.I.A. **Blue-Bird trials** circa 1947) and 31 months with MLM pyramid “Dons” to learn their hacker stunts and mass psychology tricks.

Yeah, I'd say the secret files I de-bugged worked. I am the guy Dale Calvert salutes to in his book and the “teacher” you hear Denny Karganilla quip about.

What I Know About Drawing a Crowd Would Make Charles Manson and Bill Clinton Boil With a Fathers Pride & Joy

What I am about to show you is virtually “Holy ground.” You are either on my side of the fence and control the central nervous center of an industry (through content and control of the products sold) or you are on *the other side*; the side where you sit in front of the cash register playing Buckwheat and making guys like me—thanks Pay-Pal—richer. But for now you can only fantasize about it. Because you do not know the #1 and underling component of guys like us who know how to get hundreds of people per month to part with their money. *Because that's the secret.*

- ** MLM icons Tim Berger & Diane Hochman also came to NJ to study this formula with me one-on-one.
- ** David LeDoux and Dennis Karganilla also paid \$200 for this course. Now look at them. I now cut my price to \$97.
- ** Yanik Silver, Jimmy “Wowzza!” Vigilante and Kristen Darkenwald all paid through their noses for this.

My course, “MLM Cash-Flow and the Recruiting Machine” has created more internet Millionaires than I care to mention. Namely, because I never got to see one red cent after they used my “machine” & knocked off the sequence.

Which is exactly why I pulled my \$217 Speed Enrollers course off the market in 2002 and why I then focused entirely on teaching mind-set and the POWER of the subconscious mind. I’ve written some eight (8) books since then.

Then there was Dillard. (Who bought “Cash Flow Machine” boot-leg from Mike Stokes)
Then Diane Hochman found this back in “03” (Through who else? Rich Rechenbeil)
Then someone I spent 1,000 hours coaching (Jimmy Vigilante) opens, “Wowzza.”
Then Dennis Karganilla Makes a Million over at MLM Gold-Mine.

Am I mad? About as angry **AS** Henry Ford would be at Chrysler or about as peeved as the Wright Brothers would be at United Airlines. These “names” are the exception. Not the rule.

Often The Truth is Stranger Than Fiction

Now today, many moons later, I no longer “MLM” and I sit as the old man and I teach.

There’s a community (www.MyPrivateClassroom.com) that was erected that teaches my “Quick Link” Formula; of which I never appear. It’s a **museum of marketing** they say.

Plus there are scads of my ad copy all over the net used by practitioners of the **Zen Disciplines** I teach. (Without the MIND-SET no system on earth can help you.)

Meanwhile, my live work-shops are \$300 to \$2,000 and I rarely do anything these days but fritter about, read, study like the dickens and oh, I also have turned into a lazy weekend “yard sale” hound. Where my passion for needle picking through other people’s junk was acquired, is anyone’s guess. Albeit though, if you want to try a technique of money stock piling and **downline architecture** that you have probably never even gotten wind of, we are leaking it all now for just a one-time \$97.

Notes & Score:

Why we do not have an old fashioned “replicated” affiliate site to give you. Because we don’t seek to *capture your list* as the other companies do. We teach empowerment and let you use our splash pages, our letters, our war-chest of tools to **build your own list**. Just as if you actually owned your own program.

Notes & Score:

Why isn’t this a \$4,000 to \$5,000 program and why the “get in” is only \$97. First, we are low cost and only \$2,041 because we don’t want to ask people to give us money that they don’t have. And our \$97 intro “cash flow” program is priced to allow everyone to **safely get started**. No one gets hurt here. **It’s safe**.

Notes & Score:

Why our MLM Five (5) Level Residual “Lead” program is **ATTACHED**: Because no matter what you sell or promote if what you sell doesn’t bridge your efforts into a **DOWNLINE that pays monthly you simply have another job**. Our MLM is leads because leads are “generic” of which everyone wants and uses.

Notes & Score:

The Program Must Sell Something That’s Bigger Than The Pay-Plan. Any legitimate program sells a tangible product that is actually valued at MORE than the allure of money. If not, you have a money game and you will only attract the lowest common denominator. Here, **the product stands by itself**. It has to.

Notes & Score:

With **Un-Tested Programs** You Invite Failure and Loss of Reputation: How many times have you invited friends to a program that was younger than two years old, and they went under or added some MLM to it or worse, they wouldn’t return calls. Always ask, “**when did they start and who is in the Alumni?**”

Notes & Score:

TWO levels Means You Can Earn on OTHER people’s sales while U-Sleep: Here, if you sell TEN you make \$10,000 and if those ten sell TEN you earn 50 x’s \$500 which is \$50,000. The game is to earn RESIDUAL income off the efforts of OTHER people. Downlines take time to build. **This is 5 sales = \$5,000.**
